

## Machine Operator/Welder

**Location:** Bailey Metal Products Limited – Princeton, Ontario

**Department:** Production

**Reports to:** Production Supervisor

**Position:** New

### About Bailey

Founded in 1950 by Sam Bailey, The Bailey Group of Companies (BGC) is a Canadian industry leader company with manufacturing locations in Ontario, Quebec, Alberta, and British Columbia, producing roll-formed products and providing steel slitting services for the commercial and residential construction industry. The BGC was a family-owned and operated company, that has been passed down through generations. Our growth over the decades resulted in our long-standing partnership with Saint-Gobain which led to BGC recently joining the Saint-Gobain organization. Our people, products, and industry are our pride while innovation and our customers are at the core of our business. Our associates are the key to achieving our vision of being the leaders in this industry, which is why we work hard to create a safe and healthy work environment where associates can achieve growth and development. Apply now, for this exciting opportunity!

### Why Join Our Team?

- Market competitive remuneration package
- Employer-paid comprehensive benefit package
- RRSP matching program
